LOGISTICS BEST PRACTICE AWARD
النسخة الرابعة

The Logistics Best Practice Award

The Logistics Best Practice Award represents the implementation of existing cooperation programs between the Ministry of Transport, Communications and Information Technology, represented by the Oman Logistics Center, and the Oman Logistics Association, with the aim of developing and enhancing logistics services across various logistics hubs and levels and positioning them as regional and international leaders.

The award recognizes the best practices and most innovative projects across all logistics activities over the past 12 months. The awards ceremony will recognize and showcase leading institutions, companies, and projects that have developed and implemented best practices in the logistics sector.

The award aims to:

1 Enhance the efficiency of the logistics sector and strengthen the competitiveness of companies.

2 Enhance the competitiveness and commercial efficiency of small and medium-sized enterprises in the logistics sector.

3 Promote and share best practices across the logistics sector.

4 Promote best practices in logistics services.

THE TARGETED LOGISTICS ACTIVITIES

The contestants can apply for the announced category supported by applications in the required format. The awards will be judged by an eminent jury comprising senior industry professionals.

Organizations operating in logistics services have the right to be nominated for the award through the different award categories for various activities. Companies operating in the targeted logistics activities include the following:

Warehousing
& Storage

Shipping Lines
& Agents

Ships
Agents

Air
Transportation

Sea
Transportation

Road
Transportation

Customs
Broker

Ports &
Freezone

Ground
Handling

Freight
Forwarders

Application Process

Institutions operating in various logistics activities such as: warehouses / shipping line agents / ship agents / air transport / maritime transport / land transport / customs brokers / ports and free zones / ground handling/ freight forwarders can apply for the various award categories by filling out the award form with attaching all the required documents and sending them via : **logistics-bpa.com**

The Group of Companies is not eligible to apply for the award on behalf of the companies/institutions under its umbrella.

Each company/institution holding a separate Commercial Registration (CR) from the group must apply for the award independently, under its own company/institution name.

Applications for participation will be accepted until 31 January 2027

JUDGMENT COMMITTEE

Applications received will be reviewed and evaluated by an independent prominent jury comprising leading industry professionals.

Award Categories

The award consists of five (5) main categories

1 OMANIZATION

Successful policies and innovative practices implemented to recruit, develop, train, and retain the Omani workforce.

2 HEALTH & SAFETY

The most successful health and safety practices that have contributed to reducing the risks of fatal injuries and damage to assets and reputation, while promoting positive changes in people's behavior and improving the safety culture.

3 Net Zero

Successful practices and initiatives that contribute to reducing carbon emissions, improving environmental performance, and supporting the transition towards carbon neutrality.

4 CONTINUOUS IMPROVEMENT & INNOVATION

Practices technically recognized as industry best practices, using innovative approaches or techniques to improve operational efficiency and effectiveness by reducing the use of resources and time and/or optimizing costs, while improving profitability and creating value for the company and the industry as a whole.

5 OMANI PRODUCTS & SERVICES

Companies that increase their use of locally manufactured products and/or services, maintain and develop local business partnerships and supply chains, and allocate part of their business activities to small and medium-sized enterprises.
